Gambler's Choice classes: For those of you who have never shown in a Gambler's Choice class-each jump will be given a point value from 1-5, 5 being the hardest jump. You will have 1 minute to jump as many jumps as possible with your point values being added up at the end of your round when the whistle blows. The person who receives the most points wins 50% of the total entry fees in that class. Jumps MUST be cleared and jumped in the correct direction for points to count! Each horse/rider combo may only ride in 2 consecutive divisions.
